

FrontRow Lyrik™

Take audio anywhere

The Lyrik™ amplification solution is a small yet mighty portable system for instruction and audio media to be heard anywhere: in a classroom, outside on a sports field, or even online! The tower has an integrated rechargeable battery and can be connected to a computer or other auxiliary audio source either directly using cables or wirelessly using Bluetooth®. The teacher microphone for Lyrik is lightweight and comfortable and our PrioriTeach feature can automatically mute the auxiliary audio when a teacher speaks.
